This action means the Post Office Department will move at once to establish a night signal flying way clear across the continuation. The change of front in the battleship Wyoming, will be conducted by the Navy Department. Arthur B.

C'Nelli of 150 Plane street, Newark, brother of the drowned man, said last night he had received definite assurble to the provided partment will move at once to establish a night air mail service out of New York for Chicago and establish a night air mail service out of New York for Chicago and establish a night air mail service out of New York for Chicago and establish a night air mail service out of New York for Chicago and establish a night air mail service out o

he knew O'Neill could not swim more than three strokes. Arthur O'Neill said last night that he intended to ascertain how his brother met his death. The feet was going through its spring maneuvers and a swimming contest was to be held. All the men on the Wy-oming except O'Neill and two others had qualified for the swimming contest. The official report on the drowning was that O'Neill voluntarily jumped into the water to encourage two others to follow him, and that every precaution was taken to prevent a mishap, but that he sank at once and could not be found.

the present extensive building program now taking place may be viewed as the tangible manifestation of national progress and prosperity, and its continuation is bound to have a stimulating effect on all departments of business."

Swiss Butler Calls Off Fight

The sailor clares and had a clean record.

According to Mr. McFadden, Arthur O'Neill went to the New York Navy Yard, where the Wyoming lies now, and talked to Capt. H. P. Price, who said the drowning was "most unfortunate." Is allowed to have been in charge of the swimming division. Mr. O'Neill points out that in the official report it is said the sailor climbed down the side of the sailor climbed from a height of only a few feet above the water. A dive from a considerable reight is necessary to a considerable reight is necessary to

Cadillac Leadership

We believe the following facts are of interest not only to motorists but to the general public as well:-

Official records of new car sales for the first four months of 1922, for Greater New York and the Metropolitan District, show that more Type 61 Cadillac cars have been purchased than the combined total of all other cars in the high grade field.

The wide span of Cadillac leadership may be realized by the fact of nearly three times as many sales as any other car in this field.

Throughout the United States, as well, the Type 61 Cadillac has outsold and is outselling the entire combined field of high grade cars.
